UNIVERSITY WORK - BRANDING

This was a 6 week branding project that was asking us to explore the subject of the brand in a broad manner.

I chose to do Codification and base it on Crimes in the United Kingdom and I named the exhibition Hidden Reality as the statistics are hidden from the news and the public is being hidden from the truth.

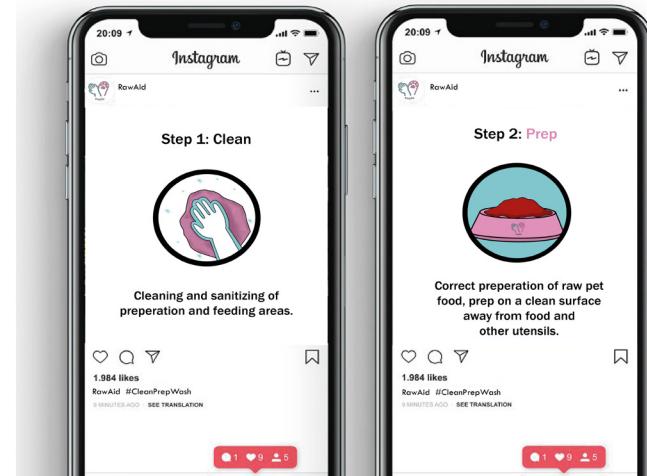

UNIVERSITY WORK - PENGUIN

Brief:

Design one Penguin book cover based on one of the three book titles:

1. The Night Manager by John le Carré
2. A Short History of Nearly Everything by Bill Bryson
3. Goodnight Mister Tom by Michelle Magorian

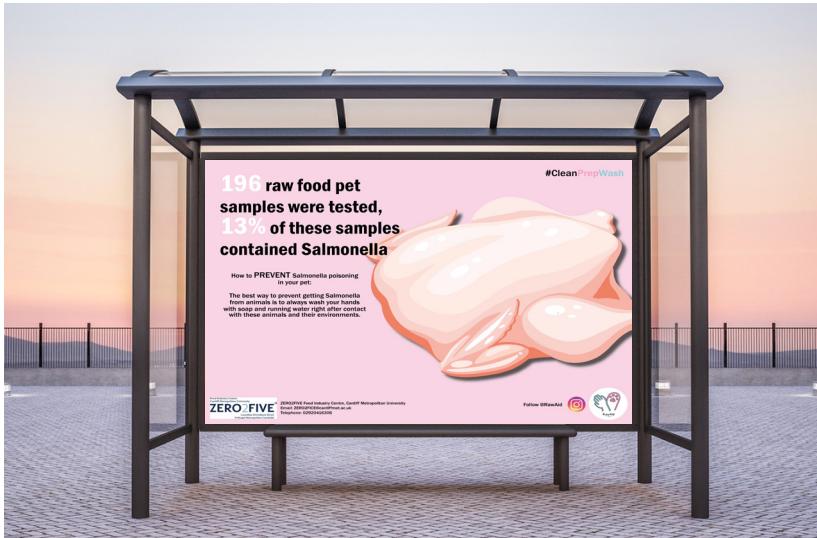

I chose to do Goodnight Mister Tom by Michelle Magorian and I wanted to showcase the good instead of the bad within the book, showing William walking away from the War and his mother and walking into a happier place with Tom.

UNIVERSITY WORK - PERSUASSION

Brief:

For this project the brief was to spread awareness to pet owners on how to prevent raw meat pet food poisoning by educating owners on the necessary health and safety steps when preparing raw food.

A simple guide of the DO's and DONT's of raw feeding your pets

DO's

1. Keep fresh raw meat pet products in sealed containers on the lower shelf of the refrigerator or using a separate refrigerator to store the raw meat pet products.

2. Homemade raw meat based products for the pet intended for freezing, should be frozen straight away after preparation.

3. Defrost raw meat products fully on the bottom shelf of the refrigerator in a separate sealed container.
